

# The Perfectly Designed System

Your system is perfectly designed to produce the results you're getting.

- Has your church made a compelling case as to why it is important that your men pursue Biblical Manhood?
- Has your church shown the value of being engaged in life-on-life discipleship?
- Has your church cast a vision for how men's lives could look different?
- Has your church provided a clear and comprehensive process that leads to heart transformation for your men to follow?

## OUR DISCIPLESHIP MODEL
